

American Telecommunications Certification Body Inc.

6731 Whittier Ave, McLean, VA 22101

January 19, 2009

RE: King Champion (Hong Kong) Limited

FCC ID: VSAPX8000I00001

I have a few comments on this Application. Depending on your responses, kindly understand there may be additional comments.

- 1.) Please present a block diagram of the specific WiFi stick used with this product.
- 2.) Please provide an authority letter addressed to AmericanTCB.
- 3.) Please provide complete system schematics. Please provide complete module schematics. Please be sure all oscillators/crystals are labeled with their proper frequency.
- 4.) Kindly review your testing procedures. ANSI C63.4 generally does not authorize any strip outlet in series between any EUT and the LISN. Please retest with the product plugged directly into the LISN.
- 5.) The Manual does not contain any of the required regulatory information. Please review and provide as necessary.
- 6.) Please provide required RF Exposure information.
- 7.) Please provide a completely filled out Form 731, especially Section I, Lines 2 [complete and current address], 4, and 5(a) through 5(c).
- 8.) Please confirm the WiFi channel set will only be CH 1-11 for USA.

William H. Graff President

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information may result in application termination. Except as described in §0.459, correspondence and responses should be considered part of the permanent submission and may be viewed from the Internet once a Grant of Equipment Authorization is issued.

Please do not respond to this correspondence using the email reply button. In order for your response to be processed expeditiously, you must submit your documents through the AmericanTCB.com website. Also, please note that partial responses increase processing time and should not be submitted.

Any questions about the content of this correspondence should be directed to the sender.
